

# Welcome To Fahmida Akter World!

## Build climber and train stopper

You might saw me jumping, climbing buildings and stopping trains. But nobody pays me a dime for thar work. That's why I am learning and mastering web development. I will not stop until I become the web development Hero...

# Dream Big

## Become a Web Developer

I already learned the basic HTML and CSS. I can build any simple website. I can even teach my grandma how to make simple website. My goal is to build 3 website and learn advanced topics.

## Experiences

### Full Stack Developer

2023–Present | Pro Level  
Developer

I am the master of HTML, CSS and Javascript. I know everything needed to make website, function efficient. I didn't stop with the web. I went to beyond with most popular Javascript framework called Vue JS. I even know the

### Baby Web Developer

2023–2024 | Programming  
Hero Learner

They didn't offer me a job. But I made myself as a remote developer. I made their website and showed it to them. They liked it. And uploaded the content. It was fun working at Programming Hero.

deployment,server and security. I  
will give you 100% web solution.
